

crowker\_implementation  
::subscriber

```
graph BT; A[crowker_implementation::tcp_subscriber] --> B[crowker_implementation::subscriber];
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'crowker\_implementation' followed by '::subscriber' on the next line. The bottom box is gray with a black border and contains the text 'crowker\_implementation' followed by '::tcp\_subscriber' on the next line. A blue arrow points vertically from the top center of the bottom box to the bottom center of the top box, indicating an inheritance or specialization relationship.
